- Canadian Masters Series Tournament Rules

The aim of the Masters is to encourage more competitive running in UKI classes and improve the overall standard of top level agility. The Masters has been created for dogs and competitors whose goal is to compete at both National and International level.

- The Masters is considered one class made up of 2 rounds: an Agility and Jumping round with results combined.
- Entry open to ALL dogs of all levels.
- Separate competition for each jump height.
- Running order for second round will be in reverse order of the first runs results. If a handler has 2 dogs entered within a jump height, they may move their first dog up so that there are as many dogs as possible between their dogs. If this is not possible, they will receive a 6 minute break. If a handler has more than 2 dogs within a jump height and the entry is not large enough for a large enough gap in between all their dogs, the first of their dogs drawn will be allowed to run in between a jump height change, if a jump height change is available before their height. If it is not, the final decision will be made by the judge and show manager, taking into consideration fairness to the competitor and other entrants in the Masters Class. Day of Entries must run first within the running orders of the first class. The second class must run in reverse order of placing from first class. Handlers must run for competition in both rounds to receive a combined score and be eligible for the Final, awards & prizes. The dog must run in the height that he will compete at in the Master's Final. The same dog and handler must run both rounds. Any extraordinary circumstances to be ruled by UKI.
- Cumulative scoring; dog with the lowest score wins. Faults converted into seconds (5 faults = 5 seconds) and time faults treated the same as course faults but converted on a 1:1 ratio.
- Winners in each height of the Agility round and the Jumping round qualify for the Masters Series Final.
- If 1-5 dogs are entered in a jump height 1st & 2nd place from the combined scores of Agility and Jumping rounds qualify for the Masters Series Final. If 6 – 10 dogs are entered in a jump height 1st - 3rd will qualify, above 10; 1st – 4th will qualify.
- Prize money to be paid out to at each heat for the combined winners per the prize fund below. In the event of a tie for the combined results, the result from the Agility round will be the deciding factor. If there is still a tie, the dogs will compete in a run-off on the 2nd rounds course.
- Eliminations will result in 100 faults with a 60-second course time.
- Dogs that score 320 cumulative and over will not be placed nor awarded prize money. A no-show in either class will result in a disqualification from the class and therefore will not be eligible individual class placement, overall placement or eligibility to qualify for the Final.
- A no-show in either class will result in a disqualification from the class and therefore will not be eligible individual class placement, overall placement or eligibility to qualify for the Final.
